## A GLAD SMILE SHOULD BE SURMOUNTED BY A GLAD HAT

### I SUPPLY THE HAT

A man is judged by the company he keeps; also largely by his personal appearance. Your hat is a very important part of your attire. NOW—ISN'T IT?

#### This, Then, is the Point—

Instead of trusting to some ordinary haberdasher or clothing house to fit your hat, you are invited to come and let a REAL HATTER serve you—a man who specializes on MEN'S HATS—a man who makes your hat—a man who will highly appreciate you as a customer, and has a strong desire and the ability to really suit you. I am the man. I want to know you and it will be to your advantage to know me. If you are not wearing a Goldberg Hat, begin now and give the Cincinnati Hat Mfg. Co. a trial.

At your service. Hats from \$3 to \$7. Soft and Stiff Hats Cleaned and Blocked—Panamas a specialty.

### Lots Bring Good Prices.

Eight lots in the Jones addition in the old Bourbon Fair grounds were sold at auction, Wednesday afternoon. The eight lots sold for an aggregate of \$2,476.50 or an average of \$308.43 each. Eighteen lots had been platted for sale but ten were not offered. Lots Nos. 2, 3 and 4 fronting on Nineteenth street sold well the purchasers and prices being as follows: Lot No. 2, A. J. Skillman \$500; Lot No. 3 Mrs. Jas. Reagan; Lot No. 4, Tim Shannon, \$310. Lots Nos. 4 and 5, fronting on Clifton avenue, were purchased by Mr. T. F. Brannon for \$265 and \$250 respectively, while lots No. 7, 8, and 9, fronting on the same street, were sold to Dr. D. S. Henry, Mr. J. T. Ingram, and Mr. J. W. Brown, for \$250, \$255, and \$237.50 each. Immediately after this sale, a new cottage on Nineteenth street, belonging to the late B. B. Wood, was sold to Mr. Lee Cox, of Elizabethtown, for \$1,635. The sale was conducted by Harris & Speakes, real estate agents, with Col. George D. Speakes as auctioneer. Miss Nellie Kane was awarded the lady's dress, and Mr. John Christman, the hat, which were offered as prizes.

### First Double Header Sunday.

The first double-header of the season will be played at White Park Sunday afternoon between the Bourbonites and the Pioneers, and at which time the game which was postponed from last week on account of the wet weather will be played off. The local team is struggling along around the top, and the fans should turn out in large numbers to witness the double bill, which is scheduled to begin at 2 o'clock. The game this afternoon will wind up the series with the Colts and to-morrow the Rivermen will be here for a game. Weather permitting, the locals should be able to make a clean sweep of all the games before them this week.

### Attention. To Children in Fly Contest.

Every child who enters the fly contest must enter his or her name with the committee at the library no later than Saturday, May 18. Unless there are as many as twenty-five entries there will be no contest. Don't fail to give your name and try to win the prize.

### Corn Crop in Danger.

Bourbon farmers are very much discouraged over the outlook for a corn crop this season. The heavy rains which have fallen in the past few weeks have caused much delay in all farm work and many farmers of the county at this late date have not completed their spring plowing. Some have been planted, but there is great danger of the extremely wet weather rotting the grain in the ground and many farmers who are apprehensive at every opportunity are replanting with hope of getting out a crop of fair quality. The season being so far advanced there are no hopes for other than very late crops and if the wet weather continues it will throw the farmers farther behind as they will be compelled to replant practically all of their crops.

### "The Trail of the Serpent Is Over It All."

(Contributed.)

Will the honorable (?) superintendent and some one member of the Board of Education state the consideration received for placing the music teacher in our school who will use the so-called "Tomlin's Method"? The intimate connection between book concerns and superintendents, as well as Boards of Education, is well-known, even in Paris. The game just played may have been a clever one, but, in effect, it is a failure, and leaves more clearly the impression that there is something "rotten in Denmark."

### L. & N. Settles Claims.

The claims of the property-owners who suffered losses during a fire in Millersburg, November 1, 1910, said to have been caused by sparks from an L. & N. engine, have been adjusted by the company, their Louisville attorneys, Flexner & Gordon.

The only suit which actually came to trial was brought by the Burley Society, which lost about 600,000 pounds of pooled tobacco. The suit was brought by attorneys Talbott & Whitley and Senator Claude M. Thomas, and the jury returned a verdict in the sum of \$40,000.

The case was taken to the Court of Appeals by the L. & N. company, and the judgment was sustained. Recently the Burley Society attorneys received a check from the company for the amount of the judgment, interest and costs, amounting to \$46,616.

A number of other suits had been filed against the company for losses sustained by the fire in amounts from \$25 to \$6,000 but all of these claims have been satisfactory settled by the L. & N. company.

## FRAUD IN OLD BILLS

Confederate Money Still Used to Swindle Immigrants.

First Issue of Currency in South—Problems That Confronted the Treasury of the Confederacy During the War.

Boston.—Confederate money is still a favorite medium of the confidence man in his dealings with the raw immigrant, though it is hardly a currency to deceive any man acquainted with the country's history or even with the negotiable paper money of today. It is not surprising that Confederate money is so plentiful after a half a century as to make it more valuable to the confidence man than to the collector when one realizes the immense amount turned out by the industrious presses of the Confederacy.

The Confederate treasury kept on printing paper money almost up to the fall of Richmond. A note dated Richmond, February 17, 1864, declares upon its face: "The Confederate States of America will pay \$10 to bearer two years after the ratification of a treaty of peace between the Confederate States and the United States of America." When the Confederate treasury began business there was a clear enough perception among the public men of the Confederacy that cheap money would be one of their government's perils. They had been brought up in the old democratic monetary theory of a currency composed of gold and silver at a fixed ratio intended to correspond with their relative bullion value, and paper money based upon such currency.

Almost exactly fifty years ago the issue of \$1,000,000 in interest-bearing notes was authorized. This was the earliest Confederate paper money issued. By July of that year the treasury had exceeded the authorized amount, and the issue of double the original issue was then sanctioned by law. The smallest denomination of these early issues was \$50, for the treasury hoped that means might be found for using silver and gold in minor transactions. Before the end of the year the authorized issue had again been exceeded, and in spite of oft renewed good resolutions the Confederacy by July, 1863, had \$1,000,000,000 of notes outstanding. For a few months devoted Confederate patriots permitted their gold deposits to get into general circulation, but soon everybody who had gold hoarded it or sent it out of the country to a place of safety.

Almost at the very end of the Confederacy Jefferson Davis vetoed a bill for the issue of \$80,000,000 in paper and congress passed the measure over his veto. The funding plans resulted in a temporary contraction of the currency and a fall in prices, with the consequent enrichment of some of the desperate gamblers that hung about Richmond and fattened upon the hardships of the Confederacy. After each contraction of the currency the convenient presses were set going again, and instead of a circulating medium of \$175,000,000 as the treasury once planned, of \$200,000,000 as it planned at another time, the outstanding paper money swelled and swelled until it had exceeded the \$1,000,000,000 of midsummer, 1863.

The banks of Virginia tried to protect themselves and the treasury by refusing to receive the depreciated currency, but in vain. When soldiers in the trenches of Petersburg were paying \$10 for a tin plate from which to eat their fragrant meals, and \$600 or \$800 for a pair of boots, the people were still clamoring for larger issues of paper.

You may still buy crisp, fresh looking Confederate notes at prices varying from two cents to two dollars per hundred notes.

It would surprise you to know of the great good that is being done by Chamberlain's Tablets. Darius Downey, of Newberg Junction, N. B., writes, "My wife has been using Chamberlain's Tablets and finds them very effective and doing her lots of good." If you have any trouble with your stomach or bowels give them a trial. For sale by all dealers.

### Exigencies of Art.

When Richard Mansfield was rehearsing the minut scene in Beau Brummel, the end of the music left him with one foot suspended in mid-air. Poised on the other foot, the actor burst into explosive anger, demanding in no uncertain tone of voice: "Give me a chord to put my foot down on!" The musicians jumped to their instruments, and, to a grand blare, Mr. Mansfield planted his foot on the stage.

## Stout Cannot Serve in New District.

Special Judge Charles Marshall, of Shelbyville, handed down his decision Tuesday afternoon in the case involving the constitutionality of the act making a separate circuit court district of Franklin county and as to the right of Judge R. L. Stout to remove here and sit as the Judge of the new district.

Judge Marshall holds that the act creating the new district is constitutional, but decides that Judge Stout cannot legally move to Franklin after the act was passed and become the judge of the new district. The suit was filed by James A. Scott against Governor McCreary, asking that he be enjoined from the appointing of a judge for this district, on the grounds that the act was unconstitutional because Franklin county has not the required population.

Judge Marshall holds that the State is entitled to one circuit judge district for every 60,000 of population, and therefore under the last census the Legislature may create thirty-six districts but that the constitution does not say that each district shall have 60,000 population, nor is it in violation of Section 138 to create a district that has less than 40,000 population, and that does not contain a city of more than 20,000 population; that the Constitution leaves it to the discretion of the General Assembly in making new districts, provided the General Assembly can never exceed the limit of one district for each 60,000 inhabitants of the State.

In the course of his opinion Judge Marshall says: "In view of the fact that the Franklin Circuit Court is the fiscal court of the State and necessarily transacts a large volume of business from the State-at-large as well as locally, a court should not say the General Assembly has abused its discretion by creating a single county into a district when it is evident that in the opinion of the General Assembly and because of the large territory from which business is drawn a separate district is necessary. I am, therefore, of the opinion that the act is not in violation of the Constitution, and the demurrer to the petition is sustained."

In passing on the right of Judge R. L. Stout to remove to this county and become the judge of the new district Judge Marshall, in part, says:

"Judge Stout holds a commission as Judge of the Fourteenth district, and in order to legally discharge the duties of judge of the new district he would have to be recommissioned by the Governor or there will be the unusual condition of two circuit judges holding court in different districts, each holding a commission authorizing them to hold court in the Fourteenth district. "If the Governor issued a commission to Judge Stout as circuit judge of the new Thirty-sixth district he would necessarily have to appoint him, and the Governor has no power to appoint except where a vacancy exists."

"While an officer may move his residence to another part of the district, in order to retain his office, or may claim the same office in the district to which the county of his residence has been assigned, where, but for his claim there would be a vacancy, I have been unable to find anywhere any authority for an officer to voluntarily change the county of his residence after the General Assembly has passed a law creating a new district out of a part of the one in which he was elected, and claim the office in the new district, thereby abandoning the old district in which he was elected. The demurrer to the petition and answer of R. L. Stout is sustained."

He concludes the opinion by granting an appeal to the Court of Appeals in both decisions, and the matter will be taken up to the higher court at once, and by agreement, docketed and submitted so as to have a decision before the time arrives for the appointment of a judge.

There never was a time when people appreciated the real merits of Chamberlain's Cough Remedy more than now. This is shown by the increase in sales and voluntary testimonials from persons who have been cured by it. If you or your children are troubled with a cough or cold give it a trial and become acquainted with its good qualities. For sale by all dealers.

Dear Amy:-

Don't you know there are lots of people who would not like their houses to be lifted up so everybody could see the kind of furniture and rugs they have.

You and I would not mind, would we? Aren't our husbands good to us to give us just whatever we want to beautify our homes with? No wonder we are happy!

But I've always practiced economy in buying things for the home. I've bought the best, it is true, but that's the cheapest.

So long,

Lou.

The Courier-Journal of Tuesday says: "Buckhorn made an impressive debut as a 3-year-old at the Downs in the third race yesterday and raced like a colt which might give even worth. The Manager, Free Lance, Duval or any other crack of his age a race for the money. He broke out in front like his competitors were standing still, and then after taking a winning lead breezed home as he pleased in fast time for the drying-out track. The race was a sort of workout for the Clark Handicap next Saturday, and he will probably be the pacemaker in that race for the Clay stable, which will also likely be represented in the big race by the great mare Ocean Bound."

**Shaving Among the Ancients.**

Shaving was practiced among the Egyptians early in the eighteenth century before Christ. The first mention of it in the Scriptures is in Genesis, where Joseph made a hasty toilet when called to go before the king and "shaved himself." Nearly a century later shaving the head is mentioned. Ezekiel (B. C. 595) alludes to the "barber's razor."

**Seal is Free to Veterans.**

Confederate Veterans who may apply for pensions under the act of the last Legislature cannot be required to pay a fee for the making out of application papers, under an opinion given by Judge James Garnett, Attorney General. Judge Garnett has received numerous letters from County Clerks asking if they may or shall charge a fee for placing the seal of the State on the application papers for veterans desiring pensions, the law allowing a fee of 50 cents each time the seal of the State is used.

Judge Garrett gave it as his opinion that under the law allowing pensions the clerks must make out the application papers for the veterans and not charge a fee. The law says that no fee shall be charged the veterans who may apply for pensions, and Judge Garnett holds that this prohibits the County Clerk from charging for the use of the seal of the State. Thousands of veterans who are applying or will apply for pensions will be relieved of the payment of these fees.

**Flagged Train With Shirt.**

Tearing his shirt from his back an Ohio man flagged a train and saved it from a wreck, but T. H. Alston, Raleigh, N. C., once prevented a wreck with Electric Bitters. "I was in a terrible plight when I began to use them," he writes, "my stomach, head, back and kidneys were all badly affected and my liver was in bad condition, but four bottles of Electric Bitters made me feel like a new man." A trial will convince you of their matchless merit for any stomach, liver or kidney trouble. Price 50c at Oberdorfer's.

**Important Tax Decision.**

The Court of Appeals reversed the Lyon court in the case of Hillman Land and Iron Company against the Commonwealth and remanded for judgment. The action was one to assess land, not given in as omitted property, and also money on deposit in a Kentucky bank but owned by a foreign corporation.

The court says that if any part of the acreage of a farm is not reported by the owner to the Assessor, that is, the actual number of acres owned, it can later be assessed as omitted property.

It holds that money of a foreign corporation deposited here only to pay expenses of its operations is not liable for taxation, that the situs of the taxation is the home of its corporation.

**Col. Clay Quits Racing Commission.**

Col. E. F. Clay, of Paris, Tuesday resigned to Governor McCreary as a member of the state racing commission. Col. Clay did not state his reasons for resigning, but the general supposition is that is due to the poor state of his health.

Col. Clay has been a member of the commission since the creation of the body six years ago, he having been one of the original five appointed by Governor Wilson in 1910. Colonel Clay for the past two years served as Chairman and Milton Young as Vice Chairman. The latter now becomes the Chairman.

There is a healthy sentiment in behalf of Fred A. Forsythe, of Harrodsburg, as the successor of Colonel Clay. Mr. Forsythe is well equipped for the position. He is a college graduate and a graduate in the law, though not a practitioner. He has been all along the line as an owner and breeder, and he has made a success of all his undertakings. In racing he was of the firm of Chinn & Forsythe, which turned out the master of Fountainblue Stud, which is located in Mercer county.

In accepting the resignation of Col. Clay, Governor McCreary says: "I regret very much that you tendered your resignation. I regard you as one of the best equipped members of the State Racing Commission, and I hoped you would be connected with it during my term of Governor."

Now is the time to get rid of your rheumatism. You can do it by applying Chamberlain's Liniment and massaging the parts freely at each application. For sale by all dealers.

**Strong Tastes and Palates.**

Fifteenth century Englishmen seldom used either milk or butter. They used great quantities of spices, however, in their food, and, apparently, did not care for the more delicate flavors that suit modern palates. It is pointed out by a writer that storage eggs and "renovated" butter would have had a ready market with them.

**'Tis Often So.**

The cadets of M. M. I. are rehearsing their play which will be the most interesting of the commencement exercises. It will be put on the evening of May 27, at M. M. I. drill hall. The title of the piece is "The Toastmaster." The cadets will be assisted by Misses Ruth McClintock and Martha Smith.

Miss Katherine Harper one of the Seniors in piano at M. F. C. gave her recital at M. F. C. auditorium Tuesday. She was greeted by a large audience. Miss Harper was assisted by Miss Bettie Maris, as vocalist, and Miss Adams in expression, both of whom did well. Miss Maris has an exceptionally good voice which has been well trained and she sings with much feeling.

The most notable event of the season was the elaborate reception given last Wednesday afternoon by Amity Lodge No. 40, F. & A. M., at the Masonic temple. All the representative people of the town and community were present and quite a number of visitors from all of the surrounding towns.

The spacious lodge room was beautifully decorated in cut flowers and potted plants, artistically arranged. A Lexington orchestra furnished the music and was stationed within a bower of cut flowers. The room was darkened and softly illuminated. The soft strains of orchestra as they ascended the stairway from the street to the main lodge room.

More than four hundred guests were present and were divided into three hours as to have about one third present at a time. From the time the receiving line took up its position until the hour of five arrived there was one continual stream of people

passing in and out of the temple.

The guests were met at the main door by the chairman of the committee of their respective hour and ushered into the presence of the receiving line, with Worshipful Master M. P. Collier at its head, consisting of the following daughters of the lodge, Misses Alfa Ball, Alma Duke Jones, Lucille Daily, Lula McNamara, Martha Smith and Rankin, after which the guests visited the frappe tables and mingled about the room socially, while ices and cakes were served. Souvenirs were then given each guest and as they left the building they were required to register.

It was an event that was enjoyed by all present and will be remembered most pleasantly among the social features of Millersburg for years to come.

Those who assisted in the entertaining were Mesdames O. R. Rankin, J. B. Gray, G. W. Daily, P. L. Dimmitt, E. F. Thompson, S. R. Allen, C. M. Best, D. E. Clarke, Aaron McConnell, W. M. Miller, Frank Collier, T. T. Bentley, V. L. Barton, S. M. Allen, D. P. Jones, Peale Collier, W. V. Shaw, J. W. Mock, C. B. Smith, W. F. Sanders. The following committee of which Mrs. O. R. Rankin was chairman had supervision over the entire entertainment, Mesdames O. R. Rankin, C. M. Best, C. E. Smith, J. B. Clay and W. V. Shaw.

The success of the entertainment depended mostly on Mr. W. V. Shaw who was a member of the committee on arrangements and thru his untiring efforts from the time that committee was named gave much of his valuable time to make it a success. He was assisted by M. P. Collier and D. P. Jones. This is the first reception Amity Lodge has ever given in the past four years, and the one preceding it is pleasantly remembered.

For commencement gifts see McConnell's line of bracelets, lockets, rings, mesh bags, la valiers, pins and nice line of college and souvenir spoons.

What more appropriate gift can you give than a high grade watch. Next to ones family a watch is a person's closest companion. It is referred to many times a day. You can have it engraved with an appropriate inscription and in after years with what pride it will be shown to friends as the watch which dear old father and mother, or so-and-so, gave me on the day of my graduation.

The Twentieth Century Club closed its year's work Monday at a meeting at the home of Mrs. E. S. Clarke. The club has been studying Holland during the past year. A delightful program was rendered culminating with a very elaborate Dutch lunch which embraced everything constituting a strictly Dutch lunch, including cigars, which were made of candy. After lunch a pretzel hunt was indulged in by the guests of the club. Miss Ella Marshall won the first prize, after finding twenty-three pretzels. The prize consisted of a dozen hand painted plate cards in Dutch. The booby prize was won by Mrs. Chas. Martin.

2nd dam Bay Hambletonian (by Hambletonian 10, sire of George Wilkes 2:22) Bay Hambletonian dam of Henrietta 2:17, Egyptienne 2:18, Don Fulano 2:22 (sire of Maude M. 2:15 3-4, Best Chimes 2:25 1/4) Artic (dam of Artic King 2:19 1/4, Nora Chimes 2:23, Tornado Chimes 2:24, Lydia Vincent 2:23 1/4) Lady Bug (dam of June Bug 2:29 1/4) Mink (dam of Comanche 2:22 1/4).

Third dam by Gold Dust 150. EGYPTIAN BARON is a black horse 15.2. A grand individual and one of the best representatives of the great Baron Wilkes, now known as the Futurity family. He is one of the fastest best headed horses in Kentucky, and has been a mile over my three-quarter track, which is at least three seconds slower than Lexington, in 2:09 1/4, last half in 1:03 1/4, last quarter in :30 1/4. Although he is a pacer, he was a natural and fast trotter and could trot in 2:40 at two years old. Was raced a little for education, and proved himself a game level headed race horse, and if he stays right, we predict a record of 2:05 or better this year. He has served a few mares, and his colts are good individuals and fast. One, a yearling, out of a pacing mare, is one of the best trotters, for his work, I ever had—trotted a mile, with few days work, last fall, in 2:58 1/4, last half in 1:26, last quarter in :42. Egyptian Baron will serve a few approved mares at

\$25 to Insure a Living Foal.

Care taken, but no responsibility assumed for accidents or escapes. Money due in all cases if mare changes hands or is parted with. Mares kept on grass at \$1.00 per week.

**You Want the Best—  
Not the Cheapest**

Flanders "20" Roadster, \$750

Don't be alarmed if somebody tells you you can buy an automobile for less money than the \$750 Studebaker-Flanders "20." You can, but you better not. The Flanders "20" corresponds point by point with the best and highest priced cars sold. Cheaper cars at every vital point are built on ideas long ago discarded for good cars. Don't take our word for it. Make comparisons and see.

The Studebaker-Flanders "20" is a marvel—a high grade modern car at a low price. If you pay less you buy much less. And the cheaper car today will cost you far more in the long run. The competing car isn't sold which the Studebaker Corporation, the greatest automobile manufacturers in the world, couldn't reproduce for less money; but we won't build a cheap car, because the name "Studebaker" means the best for your money.

If you are content with a car that runs today and dies tomorrow, don't buy the \$750 Flanders "20." It will wear for years. Remember this—the Studebaker-Flanders "20" will outwear 2 to 1 any other car under \$1100 and give you double satisfaction, confidence and comfort into the bargain.

The Colts and Bourbonites met in Lexington Wednesday, in their first tilt of the season, resulting in a victory for the former by a score of 5 to 2. In this contest Blankenship lost his first game, but the loss was no discredit to his abilities, as his teammates failed in their support, and were unable to hit Camnitz, the Colt twirler.

The game was fast and full of interest. The locals scored their two runs in the third, when Popkin reached second on an error, and Campbell bounced one under the center field fence for a home run.

In the fifth inning Popkin was put out of the game by umpire Mulligan for back talk, and his place was filled by Wood. The score:

### Held to Grand Jury.

John Asher, colored, was held to the grand jury in Justice Fretwell's court on a charge of malicious cutting. Asher is alleged to have cut another negro by the name of Ed Dorsey, in North Middletown and was arrested by Marshall Gibson on a warrant issued by Squire W. A. Thomason, and lodged in jail here.

### Counter Claim Filed.

In the Fayette Circuit Court yesterday in the case of R. B. Hutchcraft vs. David S. Gay, the defendant filed an answer, counter-claim and cross petition Thursday asking that the cause be transferred to the Master Commissioner to take proof and to state and settle the accounts of the partnership between the plaintiff and the defendant, and all other matters who were made parties to the action by the defendant in the cross-petition. The defendant asks for judgement against the plaintiff and all other members of the partnership, in the sum of \$5,180.02, with interest from February 5, 1902. The other members of the partnership mentioned are Ford Brent, trading and doing business as Charles S. Brent & Brother, J. S. Wilson, George W. Stuart, of Paris, C. S. Brent, deceased, whose personal representative is the Security Trust Company, W. Bush Nelson and the Farmers and Blue Grass Seed Company.

### Art Exhibition.

The greatest collection of famous pictures ever brought to this city is now on exhibition in the corridors of the city school building. This is a great opportunity and it is to be hoped that every body will come at least once. Building open from 3 to 5 in the afternoon and from 7:30 to 9:30 in the evening.  
All the proceeds except the expressage on the exhibits will be spent for pictures for the walls of the school rooms. Good programs each afternoon and evening. Admission only 10 cents.

### Checks Issued to County Teachers.

State Treasurer Rhea yesterday issued checks to the amount of \$445,204, the balance due the county school teachers, the last installment of their salary for the past school year. This money was due some two months ago, but there has not been enough money in the treasury to pay it until now which is an assurance the teachers in the Bourbon schools will receive their money in the next few days.

### Rain Prevents Paris-Lexington Game.

Rain which fell yesterday morning prevented the game between Paris and Lexington scheduled in this city yesterday afternoon. The grounds at White Park were in no shape for a contest and the management decided about noon to call off the game.

Only one game was played in the league yesterday, that being between Richmond and Winchester resulting in the Pioneers winning by a score of 4 to 2. The Maysville-Frankfort game was also postponed on account of wet grounds.

No change is made in the standing in the clubs except Richmond and Winchester, the former increasing its percentage to 462 while the latter dropped a few points to 231.

## Thinks Bourbon Man Best Suited

Since the resignation of Col. E. F. Clay, resigned as a member of the Kentucky Racing Commission there have been a number mentioned for the position. The Courier-Journal says that while Fred A. Foreyth, who has been suggested as Col. Clay's successor, is regarded as a good man for the place by all horsemen, the rank and file now at Churchill Downs think Catesby Woodford would make as efficient a member of the board as could be selected. Many horsemen think Bourbon county, being so loyal to the thoroughbred interest, should have a representation on the board and that Col. Clay's successor should come from that county. Catesby Woodford has been prominent in the turf world for more than thirty years and like Col. Clay has the highest standing in the racing and breeding universe. He is the present president of the Kentucky Association, and his activity in the behalf of that tract has much to do with the success of racing at Lexington in the last few years. At his suggestion many reforms have been inaugurated in racing recently, which has gone to the credit of horsemen who pushed the issue to the front, while Mr. Woodford, who suggested the measures remained in the background. John T. Ireland has also been suggested as a competent man to fill Col. Clay's place, and he has a strong following with credentials like Mr. Woodford, inasmuch as he also comes from Bourbon county. Mr. Ireland, like Mr. Woodford, has long been connected with racing and his record on the course is above reproach.

### Trial This Morning.

**Uses of Vanity.**  
An excess of vanity brings ridicule upon its possessor, just as an utter lack of it inspires contempt in the beholder. Of the two, ridicule is the least harmful; moreover, the object of jibes and jests always possesses the power to modify and refine excessive vanity into wholesome, elevating pride.

**Yarn of the Deep Blue Sea.**  
One of the most unique battles ever witnessed between creatures of the sea occurred several years ago in the Pacific. Frank Bullen, a sailor, tells of seeing a duel between a whale and an octopus. The arms of the monster were entwined about the huge head of the whale. The octopus had eyes a foot in diameter, and a head large enough to contain 350 gallons. The whale was victorious.

## Every gallon pays a big dividend

There's as much difference between sprayed and unsprayed vegetables as there is between those grown on good and poor soil. A gallon of spray material costs only a few cents, but the increase in the value of vegetables sprayed with it amounts to dollars. Try spraying as an investment.

**S-W BORDEAUX MIXTURE (PASTE)** is a widely used fungicide for garden use, put up in convenient paste form. This preparation is particularly effective in checking mildew and other fungus diseases. S-W Bordeaux is easily prepared as all that is needed is the addition of water and it is ready to use. Retains its strength indefinitely.
